Cataloger’s Meeting – June 4, 2002

Kate's procedures for copy cataloging of internet monographs were discussed in detail. Kate will make the discussed changes in this document. Overall, only a few changes were necessary.

Deb will explore the side issue of the 690 local subjects Text (Electronic monograph) and Text (Electronic database) and report back to the catalogers.

There will be no meeting on June 11th because of Cabinet. Should we find another meeting time? At least once a month Cabinet will probably cause us to cancel the Catalogers meeting. [Cabinet is at 10:00 and has usually taken more than one hour.]

The next Tues, the 18th will be review of CSB #96, assignments soon. As it is a short CSB, I think that there will be time to follow up on these issues also.

Thanks,

Cheryl
