

Employee Service Awards Banquet

Each year the University recognizes non-faculty employees for their service to the University at the Employee Service Awards Banquet. Those recognized have completed 10, 15, 20, 25, 30, 35, 40, 45, and 50 years of service.

Library administrators and immediate supervisors of those employees being recognized are strongly encouraged to attend to be part of the celebration and awards ceremony, to participate in the opportunity to represent University Libraries, and to become better acquainted with library employees in this social setting.

If seating is not designated with placecards, it is expected that library personnel will sit together to the extent possible.
